# CND says **NO**

## **to Nuclear War Plans.**

The Government is spending £10 million of our money to shelter itself and top officials in special bunkers which CND has exposed.

They are telling local authorities to bring their war plans and bunkers to "a higher state of readiness" i.e. within 48 hours of nuclear war.

They know that Trident and US Cruise missiles will make Britain a prime target in what President Reagan believes could be "a limited nuclear war in Europe using tactical weapons".

In 1983 Cruise missiles will be stationed at Greenham Common. South Wales is less than 70 miles away and could be devastated by a nuclear attack on military and civil targets.

## **Keep Wales Nuclear Free!**

**CND opposes all spending for nuclear war and is campaigning for Wales and the UK to be part of a European nuclear free zone. CND says:**

- **NO CRUISE MISSILES**
- **CANCEL TRIDENT AND SAVE £7.5 BILLIONS**
- **NO BUNKERS FOR WAR PLANNERS**
- **WITHDRAW FROM OPERATION HARD ROCK**
- **PUBLISH ALL WAR PLANS IN FULL**
