Friend

Dear Mother

Just a few lines to
let you know that I am
allright, and in pretty good
health. We came out of the trench
last night and are in reserve
for a couple of days. The
weather is not cold for the time
of the year, but very wet, and we
are experiencing some anxiety times.
If you got my letter of the
7th allright, shall write again soon.
I trust you are all well at home.
Give my best love to all.
Your loving son
E. James
