

Hitting the slopes in Cowbridge

IN excess of 50 people descended on Colin Brimble's field opposite Stalling Down common and there was great fun (and quite a lot of competitive spirit) – the adults occasionally letting the kids have the sledges.

There was snowboarding and luge to name but two events. Paradwys Cottage is at the bottom of the slope and became the ski lodge/chalet where there was a constant stream of wet and hungry children to be fed, watered and dried out.

We all have lots of happy memories of the event and the villagers would like to thank Colin Brimble and family for all the fun!
