

COURSES

Weekend 13/14/15 July 2001

MARINE IDENTIFICATION COURSE – 2-day course for divers and non-divers. Rock pool ramble or dive to collect samples, followed by identification analysis in Bangor University labs. CCW Marine Monitoring Biologist Rohan Holt and Kirsten Ramsey gave lectures.

13th February 2002

Harbour Porpoise Action Plan – survey training day. Methodology, equipment and purpose of the land-based survey were explained to 37 keen volunteers. A brief run through the identification of the major Welsh cetacean species and a quiz were included.

23rd March 2002

MARINE MAMMAL MEDIC COURSE – Using lifelike replicas, learn what to do in the event of a marine mammal stranding – a full day course at Trearddur Bay, with plenty of hands on experience.
