

# Chase the glowing hours with flying feet

2005

Choreographer

**Hélène Blackburn (Canada)**

Blackburn's career was launched in 1988 with the creation of *Cathédrale*, allowing her to establish a home base in Quebec for her dance company Ces Public. She has won many awards including Canada's Jacqueline Lemieux Prize and the Bonnie Bord Choreography Award.

This production was an energetic example of where the choreographer found and celebrated the dance language inside each of the dancers' bodies.
