I did return your call and talked briefly with Mrs. Pugh, indicating that we had informed people about the need to prepare and forward the ads, etc. to Utica. After your call, I called each one to again remind them of the need and the June 1 deadline.

I will continue to follow up with these folks. Please feel free to call if you have further need.

For your information, the two Gymanfa Session pages should be in the center of the book. Also, will you please let me see proof copies of the pages and the Bilingual Church service before you go to print.

Many thanks to you and the entire committee for your commitment to a very rewarding Welsh activity.

Sincerely,

Nelson L. Llewellyn,
