Thank Ellis.

It was not supposed to look like an ad, but the header made it that way. It came out early because Ninnau is not publishing in September and Arturo produced the august issue early. We can't control his schedule. We wanted it out for Harrisburg so we decided to go ahead. YOU should be getting the fliers in September.

Don: The classification in the US which identifies us as non-profit is a US Internal Revenue Service 501-c-3. With this classification, all contributions to WNGGA are tax deductible in the US. We have copies of the official IRS ruling if you need it.

Hello Don:

Thanks for your message. We appreciate your comments regarding The Celtic Connection coverage of the 2003 North American Festival of Wales. I believe we initially made reference to your event in our December 2001 issue, although I do recall an earlier mention in another article as I was already aware of the Festival at the time of publication last December.

It is our pleasure to provide coverage for all the Celtic communities of Western Canada and the U.S. Pacific Northwest. We are also delighted with the reporting generously provided by Eifion Williams and will do everything we can to continue to expand our coverage for the Welsh community.

I would like to extend our best wishes to all those who are working so hard to make the 2003 North American Festival of Wales a huge success. Please be assured no offence was taken with the letter to the editor received from Ellis Jones and it is fully our intention to everything we can to support your efforts.

Be sure to watch the February issue of The Celtic Connection for an interview with the Lord Mayor of Swansea which will coincide with St. David's Day celebrations.

Best wishes,

Maura McCay
