Dear Dr Upshall,

Here is the video tape of the Llanelli Male Voice Choir (Cor Meibion Llanelli) as promised. The video tape was \$4.30 with tax. I can't predict what the cost of the postage will be as I am placing this letter inside the package before it is posted. If you like the video tape, and you think a gratuity would be nice, it would be humbly accepted. This would allow me to purchase even better video equipment one day.

Please accept this as a gift and a big "diolch yn fawr iawn i chi" for a fine Gymanfa Ganu, otherwise. I don't know when North America will see the likes of the Llanelli Male Choir again. Bringing Plethyn here was genius, also.

There is a little over four hours on the video tape, total. It begins with the evening of the Llanelli Choir, followed by highlights of the evening Gymanfa Ganu the next day. Plethyn and Magical Strings end the video tape with their performance the previous Friday night. I apologise now for some "stops or glitches," but I was either changing batteries or concentrating on acquiring the music on a time-limited 8mm videocassette. I hope you enjoy it.

Everything was taken on my small Sony CCD-1R4 8mm video camera with 6x zoom magnification and mono recording. Perhaps these features will be improved one day.

Rydw i'n newydd gobeithio bod byddwch chi mwynhau ete. Mwynhauwch et, os gwelwch chi'n dda!

Yn bur,

Cameraman and tenor
